

Dear Dr Loos,

I have been using the Enhanced Living ADVANCED ION THERAPEUTICS foot spa for the last 2 months. I am very impressed with the health benefits that I have received from using the machine. Ever since I was little the whites of my eyes have had a tint of red in them. It looked as if I always had allergies. After only 3 uses of the ion spa my eyes become white and have continued to stay that way. My friends and family can not believe the difference in color. It is so nice to finally look at myself in the mirror and see the whites of my eyes. Besides that I have noticed more stamina during my workouts and more restful sleep at night.
