Dear John,

This letter is to let you know how beneficial your Ion Spa has been for my wife.

I originally purchased the Ion Spa because my wife was going for Ion treatments. When I found your spa, I decided to buy it and have it for my wife and family. My wife suffered from psoriasis to her hands, wrist and neck. With only 10-12 treatments her psoriasis has disappeared. She also feels much better. She does not miss her weekly treatments and is very happy that I purchased the unit.

Sincerely,
